- ✓ Membership options matched to your needs.
- ✓ Bio-Community/network.
- ✓ Learn through the Technical Series, Educational Seminars and Bonneville Labs Mentor Network.
- ✓ VC and Investor Connections.

EHS

SERVICES

LAB SPACE & EQUIPMENT

With flexible lab space, equipment and infrastructure, members can work like larger organizations at a fraction of the cost. When it's time to grow, larger dedicated suites are just down the hall. Getting off the ground has never been easier.

LAB OPERATIONS SUPPORT

Bonneville Labs assists members with crucial matters such as Environmental Health & Safety oversight and training, waste pickup, and much more saving members money & time in the process.

OFFICE AMENITIES & COMMUNITY

Growing, agile teams shouldn't have to worry about the setup and maintenance of traditional office infrastructure. They should focus on their science, and connecting with other innovators working in similar fields.
